

# SHARE YOUR VIEWS

to help develop the household waste recycling centres across North Yorkshire

We currently provide 20 household waste recycling centres (plus mobile sites) across North Yorkshire and this service, including the disposal of the waste delivered, costs more than £5 million per year.

We face many significant challenges now and the years ahead. Including the impact of inflation, increased demand for our services, climate change, and the impact of the cost-of-living crisis on our communities. To help address increasing costs we are looking at various options while ensuring we maintain our frontline services.

We are therefore asking residents to share their views about changes to the following services:

- **Restricting the use of the household waste recycling centres to North Yorkshire residents only**
- **Limiting the access for commercial-like vehicles**
- **Changes to commercial waste**

To share your views, please visit [www.northyorks.gov.uk/survey/hwrc](http://www.northyorks.gov.uk/survey/hwrc) or scan the QR code.

**The survey will close on 31 January 2024**
